

ODAmap Manual

1. Introduction

Next to pure tables and graphs already available on ODAmoz, the ODA project relevant information in Mozambique now is also made available at a glance, by the web-map based Geographic Information System ODAmap.

ODAmap will replace the current map image display and provide for the future use of GIS functionalities for online Donor Atlas style queries and data mining.

2. Access to ODAmap

The first basic module of ODAmap is integrated as a **hyperlink on the Map Image** of Mozambique on the Homepage of ODAmoz:

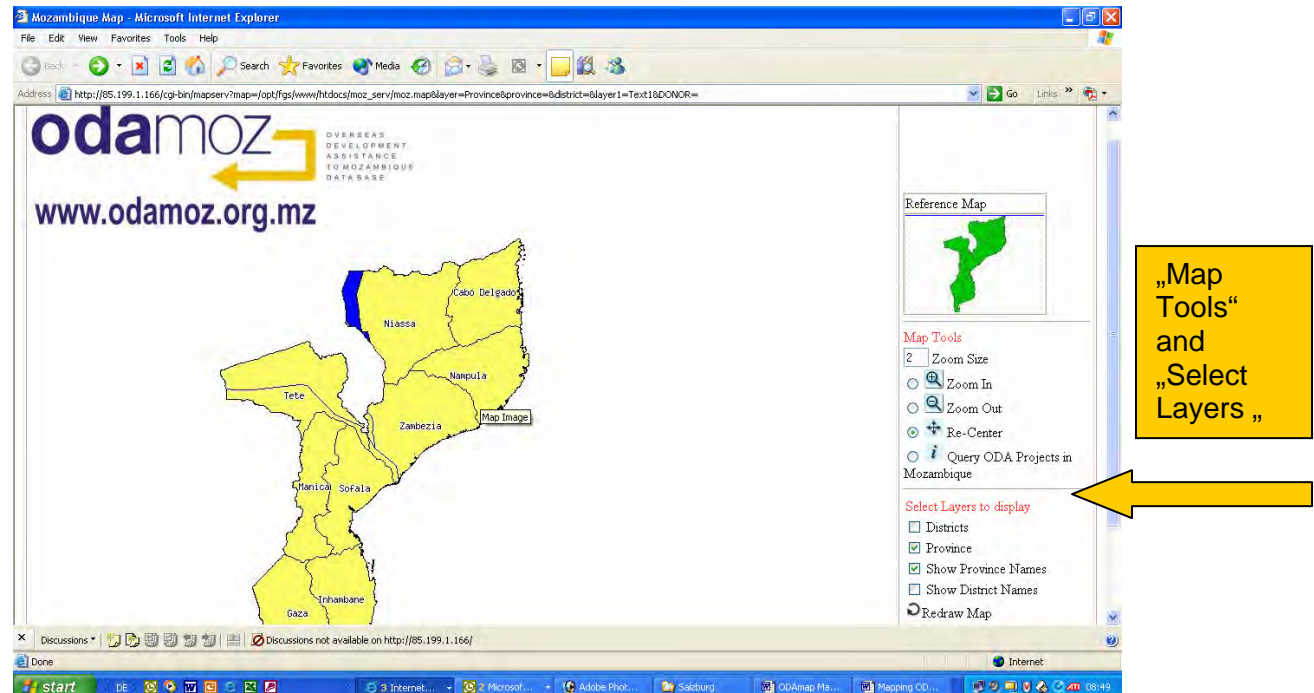

<http://www.odamoz.org.mz/reports/indexsub.asp>

Search

via
ODAmap

3. ODAmop

Once you click the hyperlink “**Search Projects via ODAmop**”, following page opens:

This is the basic web based module of ODAmop providing you with a default map of Mozambique and its provinces.

On the right hand you will a menu of “**Map Tools**” and “**Select Layers**” which will help you in the search for projects via geographic categories of “**Province**” and “**District**”.

The Default setting of “Map Tools” is “**Re-Center**” the map and for “Select Layers”, “**Province**” and “**Show Province Names**”.

4. ODAmop Search Projects via Province

If you want to get information on Projects in a specific **Province**, please select on the menu:

“**Map Tools**”: “**Query ODA Projects in Mozambique**” and click on the Map on the **Province** of your choice.

Clicking on the Province of Cabo Delgado e.g. opens following Table including all ongoing projects in ODAmop where “Cabo Delgado” was selected, ordered by Donor and Project Number. *(Please note that you need to allow “pop ups” as otherwise the Tables will not be displayed)*

The screenshot shows two browser windows. The left window displays the ODAmap website logo and a map of Mozambique with districts Niassa, Tete, and Naupula highlighted. The right window shows a table titled 'CABO DELGADO: (current projects)'. The table has columns for Fact Sheet, Agency, Project n°, Project Designation, Currency, Total Committed, and Total Disbursed. The table contains 12 rows of project data.

In case you want to work on the Table in EXCEL format, please click with your right mouse pad on the Table and select **“Export to Microsoft EXCEL”**. The table will open in EXCEL format.

5. ODAmap Search Projects via Districts

If you want to get information on Projects in a specific **District** please select on the menu next to the already selected default settings:

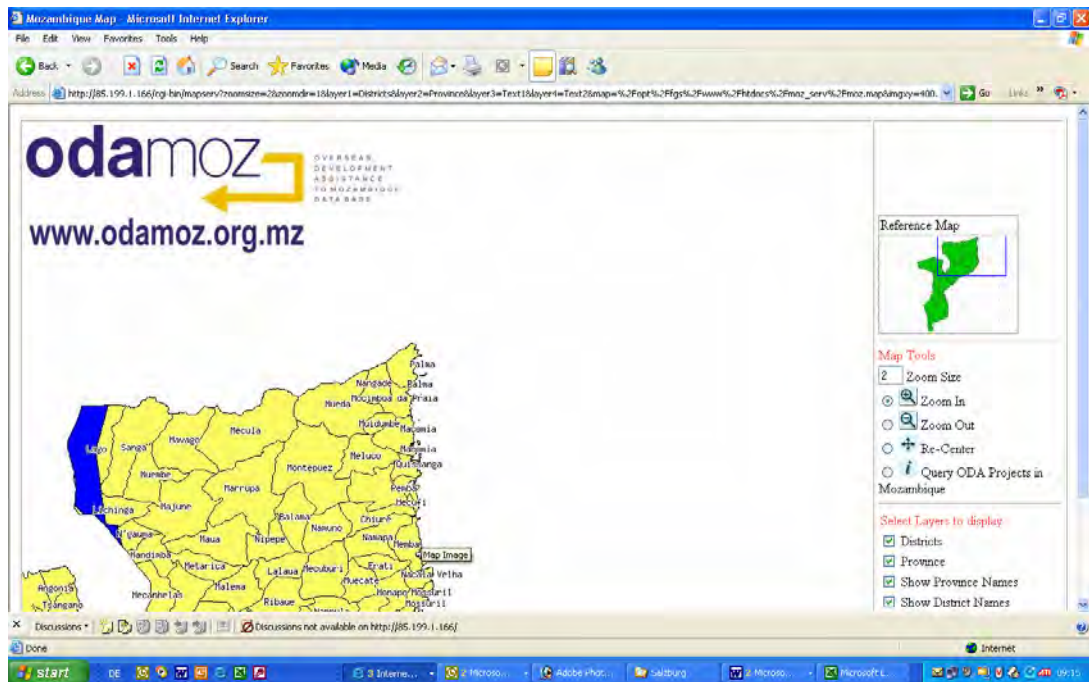

“Select Layers”: **“Districts”** as well as **“Show District Names”**

Further select on

“Map Tools”: **“Zoom In”**

Please click now on the part of Mozambique where you will want to proceed with this more detailed **“District”** search of Projects.

E.g. if you click on and **“Zoom In”** on Niassa, following Window will appear showing the outlines and names of all districts:

Now you can either try to “Zoom In” even further to get a clearer view or, if you found the District you are looking for, select on:

“Map Tools”: “Query ODA Projects in Mozambique” and click on the Map on the District of your choice.

Clicking in the Province of Niassa e.g. on the District of Lichinga opens following Table including all ongoing projects in ODAmoz where “Lichinga” was selected, ordered by Donor and Project Number. All projects which were selected as “all Districts in Niassa” so far just appear on the Province level (*Please note that here too you need to allow “pop ups” as otherwise the Tables will not be displayed*).
